Seminar Organiser Funding ~ Application Form ~

What you need to know before applying

The Seminar Organiser Funding is designed to help research postgraduates who want to organise a small event to bring together students from their area to enhance their academic studies.

All applications must be made by a minimum of two postgraduate students working as part of a student committee to organise the event. Events require Departmental staff support to be approved.

The MPA will only fund one seminar per Department/School per semester. Students may apply for funding up to twice a year.

Please apply for funding at least one month prior to your event and we will respond to your application within 5 working days. To apply, fill out all the information requested and email your completed form to Jessica.vangent@monash.edu.

Not organising a seminar? the MPA also provides funding for postgraduate students organising a Conference, as well as group funding for social events. See our website for more information: mpa.monash.edu
